CAREER OBJECTIVE

Artificial Intelligence and Data Science undergraduate with proven strengths in Python, Data Analytics, UI/UX Design, and Frontend Web Development. Seeking an internship opportunity to apply technical expertise and design thinking to real-world challenges within data-driven, product-focused organisations.

EDUCATION

B.E. – Artificial Intelligence & Data Science	2023 – 2027
GSSS Institute of Engineering & Technology for Women, Mysuru CGPA: 8.06 / 10	
Class XII – Sree Cauvery Pre-University College	2023
89.6%	
Class X – Pragathi Vidya Kendra	2021
92.32%	

EXPERIENCE

Content Creation Intern | InAmigos Foundation

- Produced digital content for awareness campaigns and social initiatives, improving audience reach.
- Supported content planning, audience engagement, and social media communication strategies.

UI/UX Design Intern | Zidio

- Created wireframes, layouts, and user-centric interface concepts for digital products.
- Improved product usability and accessibility through iterative, clean design solutions.

PROJECTS

Disaster Relief Coordination Portal – *HTML, CSS, JavaScript, Node.js, Express.js*

- Built a full-stack platform connecting NGOs, volunteers, and victims with real-time resource coordination.
- Implemented donation tracking, shelter management, and rescue logistics modules.

Sakhi AI – Women's Health Support Assistant – *Python, UI/UX Design*

- Designed an AI-powered health support tool featuring SOS alerts, medical locators, and wellness guidance.
- Prioritised accessibility and intuitive UX for a diverse user base.

Detecting & Mitigating Hallucinations in LLM Responses – *Python, NLP, Large Language Models*

- Identified hallucinated outputs in LLM-generated responses using systematic evaluation methods.
- Applied validation and mitigation strategies to enhance factual accuracy and reliability.

TECHNICAL SKILLS

Languages: Python | SQL | HTML | CSS | JavaScript

Competencies: Data Analytics | Data Visualisation | UI/UX Design | Dashboard Development | Frontend Web Development | DBMS | Problem Solving

Tools: Power BI | Excel | Figma | VS Code | GitHub | Google Forms

CERTIFICATIONS

- Python Programming Certification
- Power BI for Data Analytics
- AWS Academy Graduate – Data Engineering
- Be10X Certification | Web Development Certification – Dalviks App

ACHIEVEMENTS & INTERESTS

- Participated in hackathons focused on real-world problem-solving and innovation.
- Developed multiple end-to-end projects spanning AI, web development, and UX design.
- Consistent GitHub contributor with a project-driven development approach.

Areas of Interest: Data Analytics | Artificial Intelligence | UI/UX Design | Dashboard Development | Product Thinking
